

# **So We Can Live**

## **Verse 1**

**When will the rainfall be clean again?  
When will the sky be be blue, can you tell me when?  
When will all of us learn to really trust?  
Put our differences back?  
There's so much to do.  
Can't we see it through?  
Can't we stay on the track?**

## **Chorus**

### **Part 1**

**So we can live a hundred years from now  
So we can live  
We'll teach our children how to respect our earth and to  
know her worth and to try to give her what she needs.  
So we can live.**

### **Part 2**

**So we can live. Hundred years from now.  
So we can live.  
Teach or children how to treat the earth.  
And to know her precious worth and to try to give her  
what she needs.  
So we can live.**

**When will the rivers be clear again? When will the trees  
grow back? Can you tell me when?  
Is it no surprise? Don't we realize? Can't we see through  
the haze?  
There's just got to be more from you and me. Can't we see  
past today?**

## **Repeat Chorus**

**So we can live**
