

# **When a Tree Falls**

## **Verse**

**The trees are falling, they're falling fast.  
How long do we think that this can last?  
We need the rainforests now to live.  
How much do we think the earth can give?  
Don't we know that the rainforests breathe us?  
Can't we see all the life that we're losing?**

## **Chorus**

**When a tree falls in the forest  
Do we hear it? Do we care?  
When a tree falls in the forest,  
Do we hear it? Do we care?**
